Bachelor's Degree in History and Geography Teacher | Southwest University, "Neofit Rilski" Blagoevgrad, Bulgaria

Academic Highlights

IT Career Change Ltd, UK   2023
Coding Traineeship

Acquired comprehensive understanding of software development lifecycle, including requirements analysis, design, coding, testing, and deployment, contributing to real-world development projects. Developed strong foundation in various programming languages such as Python, Java, or JavaScript. Learnt to analyse complex problems, break them down into smaller, manageable parts, and devise innovative solutions through algorithmic thinking.

- Enhanced expertise in creating web applications and websites, mastering front-end technologies like HTML, CSS, and JavaScript, as well as back-end technologies such as Node.js or .NET.
- Gained skills to work in teams, leveraging version control systems like Git and communicating technical concepts and project progress to colleagues and stakeholders.

Career Experience

CarShop, Warrington, UK   2017 – Present
Inspection Team Leader

Play a key role in company's growth and success since opening of new building in Warrington. Prioritise and maintain safe/secure working environment while ensuring compliance with regulatory standards. Prepare and present comprehensive reports to senior management for driving informed decision-making. Utilise various office software tools, including email, spreadsheets, and databases, to enhance team productivity and data management.

- Leveraged leadership skills to manage team of six members, consistently achieving excellent results.
- Established and monitored performance targets to drive continuous improvement.
- Demonstrated strong problem-solving abilities to overcome operational challenges.

Supply Teacher of History and Geography

Prioritise education and safety of students while covering short- and medium-term absences. Prepared and delivered engaging lessons/instructional sequences in alignment with school plans and national curriculum.

- Assessed, monitored, recorded, and reported on students' learning needs, progress, and achievements.

- Focused on promoting student well-being, while also maintaining good order and discipline in classroom.
